

MD ABDULLAH AL RAIHAN

Aspiring Data Scientist | Mathematics Graduate | Python & Data Analysis
mat1904057@gmail.com | +880 1737-468744 | +880 1343-259077 | Rangpur, Bangladesh | github.com/RaihantheCoder

PROFILE

Mathematics undergraduate with a strong analytical foundation and hands-on experience in Python-based data analysis, algorithm design, and web development frameworks. Skilled at translating mathematical problem-solving into practical programming solutions, with Math Olympiad experience underscoring strong quantitative reasoning. Seeking an entry-level Data Science / Data Analyst role to apply statistical thinking, programming, and analytical skills to real-world data problems.

TECHNICAL SKILLS

Programming Languages: Python, C, C++

Databases: SQL

Data Science & Analysis: Pandas, NumPy, Matplotlib, Scikit-learn, statistical & mathematical problem-solving

Business Intelligence & Reporting: Power BI, Excel

Web Frameworks: Django, Flask

Core Foundations: Algorithm design, Discrete & Applied Mathematics, structured problem-solving (Math Olympiad level)

SELECTED PROJECTS ([GITHUB.COM/RAIHANTHECODER](https://github.com/RAIHANTHECODER))

Sales Profitability Analysis — Python, Pandas, Matplotlib

- Analyzed a sales dataset to identify profitability gaps across category, sub-category, and region.
- Found 1,901 loss-making orders (~18.65% of all orders); discount level correlated with profit at roughly -0.667 for Tables, showing heavier discounting tracked with lower profitability.

Student Performance Analysis — Python, Pandas, Matplotlib

- Explored correlations between final grades and study time, failures, absences, and parental education across 395 student records.
- Found second-period grade (G2) to be the strongest single predictor of final grade (correlation 0.905).

Personal Expense Analyzer — Python, Pandas, Matplotlib

- Built reusable functions to clean expense data and auto-generate category, trend, and top-spending charts.

Sales Data Cleaning & Analysis — Python, Pandas, NumPy

- Preprocessed raw sales data (missing values, type conversions) ahead of downstream analysis.

CERTIFICATIONS

Data Science & Analytics — HP LIFE (HP Foundation)	Oct 2025
Artificial Intelligence & Machine Learning Fundamentals — Grameenphone Academy / CodersTrust	Nov 2025
Introduction to SQL — DataCamp	Nov 2025
Basics of Python — UniAthena, in partnership with Cambridge International Qualifications (UK)	Feb 2026

EDUCATION

B.Sc. in Mathematics — Begum Rokeya University, Rangpur (BRUR)	2020 – Present
Higher Secondary Certificate (HSC) — Eco College, Thakurgaon	2019
Secondary School Certificate (SSC) — Belua High School, Haripur, Thakurgaon	2015

Earlier education: Junior School Certificate (JSC), Belua High School (2013); Primary School Certificate (PSC), Nondogaw School (2010).

LEADERSHIP & EXTRACURRICULAR INVOLVEMENT

Sub-Department Affairs Secretary — Thakurgaon Kollan Somiti, BRUR

- Managed sub-department activities, coordinated team efforts, and organized events efficiently.

Organizing Secretary — Shuvo Shongo, Kaler Kontho

- Led event planning, supervised volunteer teams, and ensured smooth execution of programs.

Member — Green Voice, BRUR

- Contributed to environmental awareness campaigns and supported campus eco-projects.

Active Member — Bishwo Shahitto Kendro (World Literature Centre)

- Engaged in literary programs from childhood through high school, fostering communication skills and personal growth.

ACHIEVEMENTS & ADDITIONAL INFORMATION

- Participated in Math Olympiads and other academic competitions, demonstrating strong quantitative and analytical ability.
- Active member of SiteTokendo, a platform for book reading and knowledge sharing.
- Volunteer experience with multiple non-profit organizations supporting children and community initiatives.
- Continuous learner on Mimo, a mobile coding-practice platform, reinforcing programming fundamentals.

CORE STRENGTHS

Analytical & Mathematical Problem-Solving • Teamwork & Cross-functional Collaboration • Event Management & Leadership • Self-directed Learning & Adaptability
